@ROSSFREDERICK

I'm a freelance Creative Director and Lead artist, among other things in the post production world. I started out on the production side as a 2nd Unit DP, 1st AC, Key Grip, Gaffer, and DIT. My skills have been used on many post projects for The Mill, Shilo, Mind Over Eye, Synchrony, Prime Negative, and Cinelux. I've taught After Effects classes for FXPHD, I love beer, engineering, 3d printing, making, and filming.

MAD SKILLS

PROJECT SKILLS KEY

- 3D VFX
